## "Democratic Is Party Of People," More Than 500 Told At Rally On Saturday

"The Democratic party has always been the party of the people," more than 500 were told Saturday afternoon at the annual rally of the Adams County Democrats at the Adams County Fairgrounds between Abbottstown and East Berlin.

County Democratic Chairman Fred G. Klunk, told the group, "The Democratic party from its inception has stood for the rank and file, us the little people. The Democratic party bailed us, the people, out, in the 1930s, and has improved our situation ever since. Today the Republicans insist that our dollar is worth only 19 cents. Well, personally would prefer to have 21 dollars worth 19 cents than not even have one dollar worth 100 cents.

"One could detail for hours what the Democratic party has done for us, the people. I will give one example which I feel affects all of us in Adams county. In the last seven years in Adams county alone the state highways department Democratic administrations have constructed over 101 miles of hard road, where there was only dirt roads before."

**MCCANN SPEAKS**

Stephen McCann, Democratic candidate for lieutenant governor, continued on the theme. "The Republican Party of Pennsylvania," he declared "is not going to be able to buy the election as they seem to be trying to do." Supported by the select few who have the funds to give, they have the money in this campaign, but there are strings attached. In the western part of the state the Republican candidate has been preaching conservatism. But at Bedford Springs, who lined up with \$1,000 contributions for him? The same people to whom we Democrats have been saying 'no' for years because they are opposed to conservation. So whom is he kidding? We Democrats don't have the money in this campaign, but we do have principle and the people. We have the people because the people know that it is Democratic principles which have done most for the people and that we shall never let the people down.

"When Leader was governor he raised \$89,000,000 to house the mentally ill, and the Democrats under Lawrence have continued that work."

**HIGHER EDUCATION**

"When Leader came into office there were 4,600 waiting for beds in mental hospitals. But the old line Republican politicians did not care, because those in the hospitals had no votes.

"If the Republicans return to office it will be a return to the old-time political hacks. Scranton will not be able to speak for himself, but will speak for Harvey Taylor, McClure, the Pennsylvania Manufacturers Association and the Pennsylvania Railroad.

"If the Democrats are elected, then the people will again benefit. Elect Joseph Clark to the Senate for aid to higher education."

## PREPARE FOR NEW CONCERTS

The Gettysburg Symphony Orchestra on Sunday completed a series of four rehearsals in the Hotel Gettysburg pressroom all of which were incidental to late summer and early fall concerts.

On Sunday, October 14, the Gettysburg Symphony with Dr. William Sebastian Hart conducting, played the annual Walters Art Gallery "Masterpieces of Melody" concert in Baltimore.

Late in September the orchestra played a concert in Hanover for the Hanover Hospital Auxiliary which it is reported netted between \$1,300 and \$1,400 for the hospital.

The Hanover concert was recorded and will be used as the opening feature of WHVR radio station in about six weeks when that station introduces FM broadcasting.

On Thursday of last week the symphony gave two youth concerts in the Baltimore area to attendances that aggregated 3,000 youngsters.

On Sunday, May 12, the Gettysburg Symphony will appear in the Gettysburg High School auditorium in a benefit concert for Mt. St. Mary's College which last commencement conferred upon Dr. Hart an honorary degree.

## 4,000 SCOUTS IN PILGRIMAGE ON SATURDAY

Four thousand Keystone Boy Scouts, Harrisburg Area, invaded Gettysburg Saturday for the first pilgrimage here since 1958, when 1,000 Cub Scouts, Boy Scouts and Explorers visited the Battlefield.

Units from nine districts within the four-county Keystone Council started arriving in Gettysburg early Saturday morning to parade to the Gettysburg Cemetery where ceremonies were held and where Chambersburg Explorers William Lesher and Robert Arnold, Post 124, placed a wreath on the Lincoln speech memorial.

National Park Superintendent James B. Myers, in reviewing the significance of the Battle of Gettysburg, told the Scouts, "The United States was born in Pennsylvania in 1776 with the signing of the Declaration of Independence and was preserved on this battlefield in 1863 when the battle for freedom was won by the Union."

Master of Ceremonies Judge Chauncey Dupuy, Chambersburg, challenged the Scouts to "unite with the spirit of Lincoln in rewinning the battle for human freedom."

Scout Executive Charles Steele, Harrisburg, said that pilgrimages to Gettysburg have been made by the four-county units five times since 1948. Dauphin, Cumberland, Perry and Franklin Counties comprise the Keystone area council. Scouts divided into groups of 1,000 each for box lunches at the Wheatfield, Spangler's Spring, the Pennsylvania Monument and the North Carolina Monument. They toured the battlefield by bus and automobile during the afternoon.

Scout executives had luncheon at the Hotel Gettysburg.

Some of the former pupils and teachers attended morning services at the church and ate box lunches in the chapel where coffee was supplied.

During an afternoon program in the church there was a hymn sing and a vocal solo by Jere Taughinbaugh, son of Mr. and Mrs. G. Ed. Taughinbaugh. For part of the afternoon program, an old organ willed to the church by Margaret Elizabeth Brinkerhoff Wright Taughinbaugh as a memorial to Ida G. Brinkerhoff was used. ## FIREMEN AND SCOUTS FIGHT FOREST FIRE

Members of five fire companies and 108 members of the Boy Scout Order of the Arrow took part Sunday in a battle against a fire that swept over more than 200 acres of forest land a half mile west of Camp Tuckahoe. Much of the area was woodland owned by the York-Adams Boy Scout Council.

Dillsburg and Grantham Fire Companies responded with fire trucks to the blaze starting about 9 o'clock Sunday morning. Men with rakes, and water tank fire fighting equipment from the Berdenville-Mt. Holly Springs and Huntsdale Fire Companies responded but did not bring any fire engines.

In addition the members of the Order of the Arrow encamped at Tuckahoe for the weekend dropped their regular program to assist in battling the blaze "above the camp" in the mountain area west of Site Six of the Boy Scout camp.

The 79 members of the Order of the Arrow who were undergoing the third degree of the order, the brotherhood degree; the seven who were engaged in the second or vigil degree and the 22 who were undergoing the first degree of the order dropped their activities at the camp when they saw smoke billowing from the woods above them. Grabbing fire extinguishers and fire fighting equipment at the camp, they went in, to the mountain and joined firemen who had responded earlier.

The Order of the Arrow adults and youths continued their fight against the blaze until about 3:30 o'clock Sunday afternoon when the fire was extinguished along the side nearest the camp where they were deployed. Firemen battling the blaze across the top of the mountain continued on duty past 6 o'clock Sunday evening.

## County School Board Has Big Decision To Make On Adams Reorganization Soon

## LITTLESTOWN'S 14 PLANTS HIRE TWICE NUMBER WORKING HERE

Littlestown runs a close second to Gettysburg in the number of manufacturing plants within its borders but the Littlestown plants employ more than double the number that find work here, according to a survey just released by the state Department of Internal Affairs at Harrisburg. The report counts 18 manufacturing industries in Gettysburg and 14 in Littlestown, but the Littlestown plants employ 1,542 persons while in Gettysburg only 643 find jobs in the 18 plants.

There is a corresponding difference in the wages and salaries paid.

Wages paid at the Gettysburg plants total \$1,920,600 and in Littlestown the total is \$4,744,200.

**OTHER COUNTY TOWNS**

Gettysburg and Littlestown have the largest numbers of plants and workers but Biglerville and McSherrystown follow closely on their heels. The state survey counted five plants in Biglerville that employ 594 men and women at an annual wage of \$2,484,000. Five plants in McSherrystown hire 561 persons and pay them \$1,887,400 a year.

Abbottstown has three manufacturing plants that employ 45 and pay them \$102,900 a year; Arendtsville, one plant that employs 80 persons with no wage figures given; Berdenville, two plants employing 75 persons; Bonneville, one plant that employs 34 persons; East Berlin, five plants that employ 439 persons who are paid \$1,190,100; Fairfield, one plant employing 169 persons; New Oxford, seven plants, employing 212 persons and paying \$395,600 in wages.

**TOWNSHIP FIGURES**

There are 14 townships in the county that also have manufacturing plants. That list includes: Berwick Twp., one plant employing two persons; Butler Twp., four plants employing 23 persons and paying \$37,100 in wages; Conewago Twp., four plants employing 143 persons and paying \$880,400 in wages; Cumberland Twp., six plants employing 806

**BRING LEADERS BACK**

Vice President Lyndon B. Johnson already was in Washington. Fifteen senators and representatives, including chairmen and top minority members of the Armed Services and Foreign Relations Committees of Congress, were asked to attend the conference with Kennedy.

This is the fourth and final article in a series published by The Gettysburg Times in connection with the upcoming reorganization of Adams County's school districts in accord with provisions of Act 561 passed last year by the state legislature.

One school district or two for Adams County?

That is the question the Adams County Board of School Directors must decide before December 31. It will be a difficult decision for a number of reasons.

There is disagreement among the school directors of Adams County on the question of which plan is better. Gettysburg and Upper Adams districts favor the two-district plan while Littlestown, Fairfield and Conewago Twp. favor a single district. The decision of the Bermudian Springs Joint School District may come at a special meeting this evening. New Oxford has not yet made its decision.

**DISTASTEFUL DECISION**

The members of the Adams County Board of School Directors, a five-man board, do not like the provisions of Act 561 any better than the other school directors of the county and most school directors throughout the state of Pennsylvania.

A committee of the state school directors' association is carrying on an active campaign for repeal of Act 561 at the next session of the Legislature.

The possibility of repeal in 1963, whether it be remote or a probability, does not change the duty of the County Board of School Directors. Under terms of the act it must have its county plan ready by the last day of this year.

**OPPOSED TO "561"**

If the county board submits a plan that does not gain approval of the State Council of Education, it will be returned for revision. If no county plan has been approved at the state level by January 1, 1964, the state will step in and reorganize Adams County without help from local school officials.

Nearly a year ago — at the 1961 convention of the county's school directors at New Oxford — the county school directors' association adopted a resolution opposing the reorganization of school districts in the state as provided by the last session of the legislature.

The county resolution adopted then added the recommendation that "reorganization of school districts begin with the merging of all school districts into administrative units in accordance with the presently approved county plans."

**DISLIKE MANDATE**

In other words, the county school directors favored the merging or union of township and borough school districts within the boundaries of the jointures and merged districts already established. Under that plan, Adams County in a few years might be organized into about six merged or union school districts.

An important element of the stand taken by the county school directors was that the mergers would be initiated by the districts themselves rather than being mandated from Harrisburg. The larger districts would be formed voluntarily by the vote of the people of Adams County as in the case of the mergers already voted in Upper Adams and in Lower Adams (New Oxford) school districts — and in the case of Gettysburg and Freedom Twp.

One merger vote will be on the November ballot this year. Highland Twp. voters will be asked to decide on whether they wish to become a part of the Gettysburg Area Merged District.

But under Act 561 the larger districts will come by state orders and by a deadline set by the state.

**ONE SCHOOL TAX**

Another result of Act 561 that is disliked by many here is the fact that the number of school directors will be reduced in Adams County from the present 154 directors to nine, if there is a single district, and to 14 if there are two districts. There are no political plums involved here because school directors are unpaid.

If the single district plan is adopted, known as Plan C, all of the county will be under a single school board and a single administrative staff and there will be a single school tax rate for the entire county.

Under the two-district plan, designated as Plan B, Gettysburg, Littlestown and Fairfield jointures would be lumped into one district and all of the rest of the county would be put into the other district.

## U.S. WILL FIRE A SUBMEGATON SHOT TUESDAY

HONOLULU (AP)—The United States will try to make it two in a row in the high altitude nuclear test series Tuesday night with a scheduled sub-megaton blast above Johnston Island in the Pacific.

An Army Nike-Hercules rocket was expected to be used to loft the nuclear warhead to a firing altitude of 20 to 30 miles, the same height as Friday night's successful shot that was clearly visible on the Hawaiian island of Kauai.

The shot is planned between 9:30 p.m. HST — 2:30 a.m. EST Wednesday — and 2:30 a.m. HST Wednesday — 7:30 a.m. EST.

### EXPLOSIVE POWER

The device will carry the explosive power of 20,000 to 1 million tons of TNT, larger than Friday's low yield payload.

The test probably will be one of the last two high level blasts in the 1962 Pacific nuclear series. The final shot could come as early as this weekend.

The Atomic Energy Commission won't say but several more air drops — nuclear devices released from airplanes—are believed programmed American scientists have set off 31 nuclear blasts since last April.

## DRIVERS SHOCK WOMAN "COP"

LONDON (AP)—Anne MacDonald, a shapely mother of four, became a roadside vamp to slow down fast drivers.

In fetching halter top and figure-bugging jeans, she took up her stand outside the village of Graveley on the busy Great North Road.

Then she wiggled her hips and gave the hitch-hiking thumb sign to every passing motorist.

When truck drivers pulled up to offer her a lift, Mrs. MacDonald, 31, smiled sweetly and said: "Thank you for stopping. I do hope you will observe the speed limit through our village."

Mrs. MacDonald said she had written six times to the Transport Ministry asking that it do something about the many drivers who ignored the village's 30-mile-an-hour speed limit.

"I saw drivers whistling at pretty girls in the village and that gave me a new idea," she said.

Mrs. MacDonald now has abandoned her map technique.

"The drivers were all as nasty as possible," she said. "I'm shocked."

"It would take the type of language used by truck drivers to describe my opinion of them."

medicare and the expansion of an industrial program that will mean something to the people.

Elect Richardson Dilworth as governor to carry on the program with a heart for Pennsylvania. He's a fighting man, a veteran of two World Wars and an administrator honored throughout the nation. And elect Earl Warner for Congress and Gene Hartman to the legislature, so that Adams County will have a say for the people in both Washington and Harrisburg.

"And we'll hold the victory party in Gettysburg."

## HARTMAN SPEAKS

Attorney Eugene R. Hartman, candidate for assembly, said, "There are a great many things that are of supreme importance in the legislature. The prevailing wage act is one. It is a good act if it pertains to the people it is suppose to help, but it needs revision. It should state that the prevailing wage for construction is the prevailing wage in the community in which the work is to be done. If the prevailing wage used is that of Philadelphia or Pittsburgh and the work is done here, then it is too expensive for our districts.

"We have to study further the compulsory school reorganization, certainly school reorganization is needed to get the best education for all students. But the present act poses problems for us. If we go to a second-class district we will receive no transportation reimbursement—and we can't operate without it.

Attorney Hartman said that the compulsory school reorganization Act 561, "was sponsored by the Republicans and the present Republican candidate for governor supports the law and endorses the compulsory part of it."

He said he will seek to have the basis for school reimbursement increased.

## WARNER SPEAKS

Earl D. Warner, candidate for congressman, declared, "There is trouble in Europe, in Russia, Cuba, all over the world. There are so many issues, Red China, Communism, the United Nations, foreign aid, the moon, fresh water resources, highways. Every one of us is interested and the Democratic party is the one that can give the best answers to these problems."

In the course of his remarks Warner held for an expansion of the Peace Corps, noting, "It is the foundation for world peace."

Chairman Klunk introduced Gilbert Lupp, president of the state Young Democrats; William Tipton, campaign manager, and Mrs. Marie Harbaugh, county vice chairman.

He announced that the last meeting of the county Democrats prior to the election will be held November 2 at the courthouse and that a veteran's rally will be held November 1 at 8 p.m. at the American Legion home here.

He also asked young people who

Given in marriage by her father, the bride was attired in a full-length gown of peau de soie, with a fitted bodice fastened down the back with small covered buttons and long sleeves ending in points over the hands. The full wrap-around skirt was caught at the right side with a flat bow; the full chapel train flowed from beneath two calla lilies fashioned from peau de soie and pearls. Her long mantilla veil was of heirloom Belgian rosepoint lace. Her only jewelry was a single strand of pearls and small pearl earrings. She carried a cascade bouquet of white orchids, white pompons, stephanotis and Baker fern.

## IN WEDDING PARTY

The maid of honor, Miss Carolyn Guise, Polyclinic Hospital, Harrisburg, wore a full-length sheath gown of deep periwinkle taffeta, featuring a full-length partial overskirt, giving dramatic emphasis in the front to the slim sheath; with draped fullness over the hips and a panel of pleated fullness in the back. Her hat was a cluster of small artificial grapes over the forehead, attached to a flat bow of the taffeta from which floated matching tulle. She carried a cascade bouquet of pale lavender pompons, a cluster of large artificial grapes and Baker fern.

Donald Shoemaker, Bellefonte, was the best man and the ushers were David G. Gifford, Gettysburg, and Roy W. Gifford Jr., State College.

The mother of the bride was attired in a short dress of powder blue and kelly green brocade, trimmed with a bell skirt fashioned at the back into a panel of deep folds. Her hat and shoes were kelly green and she wore a corsage of green Cypripedium orchids. The mother of the groom wore a short dress of skipper blue silk crepe, with jacket. It was trimmed with bands of matching stain across the yoke of the dress and down the lapels of the jacket. She wore a hat of the same shade, with black shoes and bag. Her corsage was of bronze cymbidium orchids.

## "Project 70" Is Discussion Topic

"Project 70" was the topic discussed by the Carroll's Tract Advisory Council meeting held recently at the home of Mr. and Mrs. Thomas Dolly, Fairfield R. 1.

George Musselman, Fairfield R. 2, who presented the subject, said "Project 70" is "basically a plan to have Pennsylvania borrow \$70 million to acquire land for the establishment of recreational areas." He said the 1961 legislature voted favorably for such a bond issue but the plan must pass again at the next session of the legislature and must be approved by the voters of the state, Musselman said.

The construction of immense reservoirs by the federal government around which recreation facilities may be provided by the state or federal government, or both, was discussed. In view of the fact that the state now owns 10 per cent of the land area of Pennsylvania, the council members were asked to decide what position they want the state Farmers' Association to take on "Project 70."

The next meeting will be held November 21 at the home of Mr. and Mrs. John Diehl, Fairfield R. 1, at 8 p.m., with Thomas Dolly discussing "Medical Care."

## DRIVER JAILED

Mrs. Nancy Poore Tufts, Washington, (center) will lead the Potomac English Handbell Ringers in the first of a series of four concerts to be presented in Gettysburg this season sponsored by the Gettysburg Baroque Workshop and the Prince of Peace Episcopal Church. R. C. LOTT TO  
GET 4-H AWARD

Robert C. Lott, Aspers, who won the Pennsylvania Master Farmer Award last year, will receive the 4-H Alumni Award at the 41st national 4-H Congress in Chicago next month. He is one of 35 Pennsylvanians selected to be honored with various awards and to attend the Congress.

Lott has owned and operated a farm since 1937. He is a graduate of Penn State's two year course in horticulture and has 276 acres in orchards, with an annual apple crop of about 60,000 bushels. He has been a leader in the county 4-H Baby Beef Club for five years, and has two children now attending Penn State. His daughter, Anne, a senior, and son, Neil, a junior, are both horticulture majors, and both had about six years of 4-H Club work. Another son, John, 12, has been in 4-H for two years.

In addition to his farming work, and 4-H leadership, Lott has been a school director for 18 years, a member of the Adams County for 15 years, and president for two years. He is vice president of the State Association of Soil Conservation Districts, and a member of the advisory committee to the College of Agriculture at Penn State. He is also a member of the Lions Club.

12:45 o'clock. Police said the right rear of Shultz' car struck the left front of the Sterner vehicle as Shultz sought to pass the other auto.

A car driven, according to police, by Patricia A. Gerhart, 21, New Oxford R. 2, caused \$500 worth of damage when it left Rt. 234 two miles west of Hampton at 1:30 p.m. Saturday. Police said the Gerhart auto struck a parked car owned by Nerven E. Myers, 71, New Oxford R. 2, and Myers' mailbox. Damage was estimated at \$300 to the Gerhart car, \$175 to Myers' auto and \$25 to the mailbox.

Damage was estimated at \$350 to the car and \$150 to the pole when, according to the officers, a car driven by Frank Roy Gale Jr., 37, Washington, D.C., ran off the Carlisle pike six miles north of Biglerville Sunday morning at 4:15 o'clock and crashed into a utility pole.

Cars driven by Marie W. Helwig, 30, Biglerville R. 1, and Agnes Hoffman, 66, Washington, D.C., were involved in an accident at 12:50 o'clock Saturday afternoon a half mile north of Biglerville. Police said Mrs. Hoffman was slowing to turn into a private drive when her car was struck from the rear by the Helwig auto. Damage was estimated at \$400 to the Helwig car and \$200 to the Hoffman vehicle.

Police Sunday evening began an investigation into an incident on the Lincoln Highway west of here. According to the officers, Richard F. Plank, Biglerville R. 2, was driving along the road when a corn cob, apparently thrown from a passing auto, smashed through his windshield.

State police were continuing this morning their investigation into a motorcycle accident in which several cycles were reportedly involved. The call to the state police said a number of the motorcycles were driving along a road Sunday evening when, one after another, four went off the highway at a curve.

## County School

(Continued From Page 1)

For each of those districts there would be one school board, probably with seven members each although Act 561 says nothing about such details. Each district would have an administrative staff and there would presumably be some county supervisory staff comparable to the office of the county superintendent presently.

How school district directors would be chosen under Act 561 remains to be spelled out in future legislation. Questions of financing and transportation must be settled in new legislation, too, is Act 561 to become operable.

These unknown factors in the operation of Act 561 are only part of the objections to it. Those who keep calling for its repeal point out that it gives no recognition of quality in education but makes size the only criteria. Under the new law a school district must have at least 4,000 pupils and a population of at least 22,000. There may be exceptions in a few special cases.

## NO LOCAL OPTION

Opponents of the law point out, too, that there is no local option provision. It is thrust upon the state by the legislature. Claims of increased costs and higher taxes under Act 561 are made — and denied by the bill's backers. The charge is made, too, that by reducing the number of school directors, local control of schools is lost, thus violating the principle of home rule and adding to the centralization of control.

But whether Act 561 is repealed or changed in the future, the county board must make the decision on the one — or two-district plan by the end of this year.

Briefly, the backers of the one-unit plan claim economies in operation with a single administrative unit and staff as against two with the likelihood of an additional county-level supervisory staff if the county were divided.

They claim the advantages of simplicity. Dividing lines usually cause problems and, by wiping them out within the county, some problems will be avoided.

They also claim fairer and more equitable distribution of taxable property; they see an equalization of educational opportunity within the county and they point out that the one-unit plan is the one preferred by the state and is the one which will make most likely the benefits sought under Act 561.

The backers of the two-district plan offer these arguments:

The largest number of school districts possible under the new law should be set up. If the county becomes a single district, it would be a district of the second class and as the law now stands there is no state reimbursement for transportation in second-class districts.

They claim, too, that the change to a two-district setup would bring less upheaval and require less adjustment than would be involved in going to a single district. They point also to the loss of the services of more than 100 counties now serving as school directors.

They express fears that in the near future, a decade or more, there will be school consolidations that might reduce the number of high schools in the county to two or three, creating great transportation problems.

## UP TO 5 MEN

The five-man board that will make this decision, likely in December after consulting school administrators and directors from every part of the county, is made

MIDGET GRID  
TEAM VICTOR  
AT FREDERICK

Gettysburg's new "Little League" football team got to an auspicious start Sunday afternoon by triumphing at Frederick 26-13.

"Bo" Davies intercepted a flat pass and ran 60 yards in the first period and "Butch" Alberts booted the point for a 7-0 lead.

The local outfit scored twice in the second quarter. After working their way to the Frederick 15, Davies tossed a jump pass to Ed Hughes for the touchdown. Again Alberts booted the point.

Via the fine running of Eric Maitland, Alberts and Dave McLaughlin, Gettysburg moved to the Marylanders' 35 from where Davies again connected with Hughes in the flat, the latter making a brilliant catch for the score. Alberts' placement for the point was blocked.

Frederick registered its first six-pointer in the third period by driving 35 yards. Jim Martin, guard, block the kick for the point.

## BLOCK PUNT

The locals retaliated with a score in the early moments of the fourth period when the line broke through to block a punt. Hughes recovering on the Frederick 15, Alberts raced over from there while his point kick was wide.

Just before the game ended Frederick scored after several sweeping end runs and added the point on a carry.

Gettysburg's youngsters played fine all-around ball with Alberts and Zentz playing well on the defense. All squad players participated and none sustained injuries.

Coach Bob Davies is attempting to arrange a game for next Sunday afternoon on the Gettysburg College field.

## Demonstrations Held On 2 Farms

Demonstrations of the application of insecticides and fertilizers sponsored by Eastern States on the farms of Lester Van Arsdale and Oliver Heacock, near Biglerville, on Friday were attended by 75 Adams County farmers, according to Paul Reaver, plant manager.

Liquid sprays for farm and orchards were applied by helicopter by Dr. Carroll M. Voss. The fertilizer machine was operated by Richard Anderson, East Berlin.

## ONE HUNDRED YEARS AGO

Anything from the South is interesting if flour cannot be had for less than \$42 per barrel in Georgia, and \$52 in Mississippi, now just after the wheat harvest, what will be the condition of things in those States and other Southern States, during the next twelve months, supposing the rebellion to continue. Can anyone think that the right of property will be respected at all? Will not robbery and anarchy run wild through the land?

Fire: The stable of Col. Rufus C. Swope in Fairfield, near his farm, was fired on Monday evening last, and consumed. There was but a small quantity of hay in it. Suspicion at once fell upon two men named Joseph Sawyer and David Bostick, who had been making threats of vengeance upon Col. S., the former having been drafted. They were arrested and are now in prison.

A letter from Bolivar Heights, Va., states that on the 4th inst. some soldiers on picket duty were visited by two young ladies, who invited them to their house to have some refreshments, and some twenty of the men followed them home, where being seated at table, the house was surrounded by a party of rebel cavalry, and all were made prisoners.

A Thought Of Death: In the long watches of the winter night, when one has awoke from some evil dream and lies sleepless and terrified by the solemn pall of darkness around one — on one of those deadly still, dark nights, when the window only shows a murky pitch of positive gloom in contrast with the nothingness of the walls when the howling of the tempest round the chimney and roof would be welcomed as a boisterous companion — in such still dead times only, lying as in the silence of the tomb, one realizes that some day we shall lie in the bed and not think at all; that the time will come soon when we must die. Our preachers remind us of this often enough, but we cannot realize it in a pew in broad daylight. You must wake in the middle of the night to do that and face the thought like a man that it will come and come to ninety-nine in a hundred of us, not in a maddening clatter of musketry as the day is won, or in carrying a line to a standard ship, or in such like glorious time — when the soul is in mastery over the body, but in bed, by the glow of degrees. It is in darkness only that we realize this; and then let us hope that we may humbly remember that death has been conquered for us, and that, in spite of our unworthiness, we may defy him.

Nine Follies: To think that the more a man eats the fatter and stronger he will become. To believe that the more hours children study at school, the faster they learn. To imagine that every hour taken from sleep is an hour gained. To act on the presumption that the smallest room in the house is large enough to sleep in. To argue that whatever remedy comes on "feel immediately better," is "good for" the system, without regard to more ulterior effect. To commit an act which is felt in itself to be prejudicial, hoping that somehow or other it may be done in your case with impunity. To advise another to take a remedy which you have not tried yourself, or without making special inquiry whether all the conditions are alike. To eat without an appetite, or continue to eat after it has been satisfied, merely to gratify the taste. To eat a heavy supper for the pleasure experienced during the brief time it is passing down the throat, at the expense of a whole night of disturbed sleep, and a weary waking in the morning.

## Today's Talk

## UNDER THE HAMMER

There is always something extremely pathetic to me about an auction. In the first place the auctioneer goes about his work in such a cold brutal way.

I was passing through a lovely countryside one summer and there by the roadside a large crowd had gathered before a quaint, old home. I stopped my car and joined the group. Under the hammer were precious, to someone, also priceless, possessions being sold for a mere trifle. I meditated there upon the buried hopes, aspirations, joys and sorrows that were once a part of every article that was placed for bidding during that gray summer day.

I attended another auction a week or so later. This time a library of books was up for sale. The audience was a very fashionable one. The staging was almost formal. From a little pulpit-like place in front the precious book treasures were placed, while the auctioneer to the right, also behind another pulpit-like place, called out the names of those up for slaughter.

All over the rooms prices were quoted. I pitied the little book up there under the light. I wondered what it was thinking about its future owner — whether it was to be loved, or just merely owned — because of a price. As I speculated, the harsh voice of the executor cried out: "Sold — for \$75 to Mr. so-and-so in the rear." It just happened that I had handled and fondled that particular book — and remembered that its author had near starved while waiting for a publisher.

Many of my book collections I have already given away to several colleges and institutions, but I hope that none of my beloved books that remain shall ever be sold under the hammer! Rather do I desire that they shall find the sympathetic and understanding arms of some lover-dealer (if, indeed they must ever be sold) and to him instructions be given to resell them to such as I who will love and nurture them through the years.

A Writer in a popular health journal extols the merits of buttermilk as a beverage, saying that it cleanses the human system from the refuse matters which are so apt to clog it. Buttermilk is also a remedy for indigestion, a quieter of nerves and a sleep inducer to those who are troubled with wakefulness at night. In churning, the first process of digestion is gone through, buttermilk being therefore one of the easiest and quickest things to digest. Everyone who values good health should drink buttermilk every day in warm weather and let tea and coffee alone.

PHILADELPHIA (AP) — Republicans for nearly a century the dominant power in Pennsylvania, find themselves trying in the Nov. 6 election to end an unprecedented eight-year-old Democratic hold on the governorship and attempting to unseat a Democrat from the U.S. Senate.

Most observers regard each contest as a tossup.

For governor the GOP selected William W. Scranton, 45, a multimillionaire. He contributed about the only Republican bright spot in 1960, winning election to Congress over an incumbent in a district long regarded as safely Democratic. Scranton has the all-out backing of Dwight D. Eisenhower, the gentleman farmer from Gettysburg.

## DILWORTH'S 2ND TRY

Opposing him is Richardson Dilworth, 64, who resigned in his second term as mayor of Philadelphia to make a second try for governor. He got 49 per cent of the vote in 1950 against Republican John S. Fine. Dilworth, like Scranton is wealthy and a Yale Law School graduate.

For the Senate the Republicans picked another congressman, James E. Van Zandt, 63, a 20-year veteran of the House, a railroad worker in private life and three times national commander of the Veterans of Foreign Wars.

Opposing him is the senior senator from Pennsylvania, Joseph S. Clark, 61, who ousted Republican incumbent James H. Duff in a major surprise in 1956 by about 18,000 votes.

## DEMOCRATIC EDGE

One of Scranton's biggest campaign themes has been allegations of corruption in City Hall during Dilworth's administration. Dilworth concedes there was wrongdoing, but says his administration discovered it, cleaned it up and recovered the money. He calls Scranton a novice in government.

Another major issue is unemployment. About 320,000—about 7 per cent of the total work force—are out of work.

In a state with about 5.4 million registered voters, the Democrats hold a slight edge in registration. It was 161,000 in the May primary and incomplete figures for November indicate it will be slightly more.

## TOUGH CAMPAIGNERS

Gov. David L. Lawrence, ineligible under the state constitution to succeed himself, is giving Dilworth all support.

All four major candidates are indefatigable campaigners. Dilworth—hansome, intensely proud, emotional with perhaps the sharpest tongue in state politics—has emphasized the people-to-people, door-to-door type of campaigning.

But homeward bound into my head  
Flash many things I wish I'd said.

In public, dull as dull can be,  
I lack the gift of repartee;  
But driving home, three hours late,  
All by myself I scintillate!

STATE'S MAJOR  
GRID SQUADS  
WIN SATURDAY

By THE ASSOCIATED PRESS

Although three state teams fell from the unbeaten ranks Saturday it was one of the most thrashed football weekends of the season.

All of the state's major colleges won, each in a thriller of sorts.

In Pittsburgh, where the anguish of last week's loss to West Virginia still was felt, Pitt edged UCLA, conqueror of Ohio State, 26-24. The Panthers turned the trick on an improvised extra point when the pass from center on a placement conversion attempt was high, quarterback Jim Traficant passed for a two-point conversion.

## KEY BLOCK AT PSU

Penn has to stop Brown on a fourth down smash from the one yard line with two minutes left to preserve an 18-15 Ivy League victory. Penn State guard Harrison Rosdahl blocked a Syracuse field goal try on the last play of the game. State prevailing 20-19. And Villanova—trailing Delaware 10-8, gained the upper hand when a big tackle returned an intercepted pass 52 yards for a TD in a 22-10 victory.

Next week probably will bring more of the same as Pitt visits Navy. Penn entertains Rutgers. Villanova is host to Xavier, and Penn State goes west to meet California.

Still undefeated and untied are Slippery Rock, Susquehanna, Wayneburg and East Stroudsburg. Slippery Rock maintained its western division leadership in the State College Conference with a 20-13 win over previously unbeaten Westminster. East Stroudsburg held on to the eastern division lead, edging Mansfield 12-6 with a third period TD. Susquehanna, now unbeaten over an 18 game stretch, scored the first two times it got the ball and went on to a 22-8 victory over previously unbeaten Westminster. Rutgers, Wayneburg made it five straight with a 22-12 victory over Marietta. Swarthmore lost its first of the season after three victories, stunned by Ursinus 14-8. Moravian, 30-8 as the winner's quarter-back Wes MacMillan tossed two TD passes.

## LEHIGH LOSES

Elsewhere, Lehigh, outgained 326 to 172, lost 29-13 to Rutgers. Quarterback Ron Giardano tied former Little All-American Paul Terbes' Bucknell record of nine TD passes in a season as he hurled the Bisons to a 28-6 win over Lafayette. In the same game Dick Terbes' caught his 64th career pass for a Bison record. Gettysburg toppled winless Muhlenberg 26-13 for its second straight win after losing its first three. Albright lost to Youngstown 16-7 and Carnegie Tech, after 11 straight defeats over two seasons, edged F. & M. 14-12. Temple twice had the lead over tough Buffalo but the rejuvenated Owls couldn't hold on and just missed the upset of the day. Buffalo won 16-13.

BISONS WIN 2  
OVER WEEKEND

The Buffalo Bisons, making a stampede of the Western Division race in the American Hockey League, notched two more victories over the weekend and continue as the league's only unbeaten and untied team.

The Bisons scored a 4-1 triumph over Baltimore Sunday, following a 4-2 victory over Hershey Saturday. The two triumphs gave the Bisons a four point bulge atop the western standings with the season only two weeks old.

Providence whipped Hershey 6-3, Quebec defeated Cleveland 6-4 and Pittsburgh scored its first victory in the other Sunday games.

Providence jammed in three first period goals and took it from there in a relatively easy victory over Hershey. Pierre Brillant, Larry Leach, Bob Beckett and George Ranieri did the Providence scoring with Pete Conacher picking up two and Willie Marshall one for Hershey.

Philadelphia gained 462 yards running and passing to 325 for Washington, but Washington won. How? They intercepted four passes, recovered three fumbles and exploited the big play—long punt and kickoff returns.

McPeak, of course, can't find the words to describe the great individual efforts of Mitchell, the Cleveland castoff, and Norm Bread, his young second year quarterback.

## BEST SINCE BAUGH

He feels the Snead to Mitchell combination is the best Washington has had since Sammy Baugh was throwing the ball to the likes of Bones Taylor, Dick Todd, Wayne Muner and Charlie Malone. Sunday Snead completed 17 of 25 for 276 yards and 2 touchdowns, while Mitchell caught 8 for 147 and a pair of TDs. The two had a hand in all the Washington scoring.

The Eagles, now 1-5, took solace in the performances of Sonny Jurgensen and Howard (Hopalong) Cassidy, acquired from Cleveland last week for the \$100 waiver price. Jurgensen, off target in recent games, completed 15 of 22 for 231 yards and 3 TDs, two to Cassidy, who caught 8 for 133 yards. But the Eagles were "snakebitten." They fumbled when it hurt, threw those costly interceptions and failed to protect adequately on the kickoff returns.

Army and Syracuse next meet on the football field November 7, 1964. Army leads the series, nine games to four.

HOLLOWAY HAS MEMORIES OF "FAIR LADY"

By BOB THOMAS  
AP Movie-Television Writer  
HOLLYWOOD (AP)—Memories of "My Fair Lady"

When the record-breaking musical closed after six and a half years on Broadway recently, it evoked a rush of memories. Stanley Holloway who devoted the better part of four years to playing Eliza's rakish father in New York and London, has a few memories of his own.

"Oh I remember many nights," he mused. "There was the first night we played a Sunday night benefit before our own profession. The response was so enormous the stagehands waived their usual finishing time so they could work overtime."

SHOW WENT ON

"There was the night a 1,500-pound piece of scenery fell backstage with a great crash. Rex Harrison was doing a number and he didn't miss a note; he said later he thought someone was shooting at him."

"There was the night I heard a commotion in the theater but kept on singing. I learned later that a man had fainted in the stalls (orchestra seats). They had to carry him out over people's heads."

"NOTHING LIKE THAT"

"One time Rex was out with a bad throat and his understudy played the matinee. What with nerves and all, the poor boy was steadily losing his voice. At the evening performance the audience couldn't even hear him. The curtain rang up at 8:35 and down at 9:15."

"And, of course, there was opening night. There was never anything quite like that."

Unknown to Holloway, there was a man in that audience who would have a profound effect on his future. He was Paul Harrison, a producer-writer of radio and television.

WAS IN LIMBO

Back in 1951, Harrison had created a radio show called "Higgins, Sir," starring Harry McNaughton, the old bottle of Phil Baker's troupe. McNaughton died, and so did bigtime network radio, and the show went into limbo.

While watching Holloway strut through "Get Me to the Church on Time," Harrison pondered: "If I ever put 'Higgins' on television, that's the man I want to do it."

Holloway, one of England's great musical comedians, knew nothing of Harrison's scheme until this year. He received a letter proposing the engagement, was interested and came across.

STRONG COMPETITION

The result is "Our Man Higgins" on ABC Wednesday nights. It could be a longer engagement for Holloway than "My Fair Lady," judging from the reviewer reaction. If the show can overcome its strong opposition—Perry Como and Dick Van Dyke—Higgins could look forward to the same steady employment of his neighbor at Screen Gems, "Hazel."

The prospect doesn't faze Holloway, a chunky, vigorous 72-year-old.

"I enjoy living here," said the actor, who had never before worked in the Hollywood studios.

RESCUE THREE FROM RIVER

PAULSBORO, N. J. (AP) — Denver Slayman, 35, of Philadelphia, and his three passengers bobbed unseen in the Delaware River off Tinicum Island for some 90 minutes after their cabin cruiser sank Sunday night, but they were finally rescued.

Slayman told police the 22-foot cabin cruiser struck a log and sank quickly in the channel between the island and the shore off Paulsboro, N. J.

Slayman and the passengers were treated for exposure at a hospital and discharged.

The others were Floyd Sweeney, 24, of Newark, Del.; Patricia Ratliffe, 18, of Marcus Hook, Pa., and Sanfra Brooks, 20, of Wilmington, Del.

They grabbed life preserves and floatable seat cushions. No one heard their cries for help until Walter Henze, came along in a rescue boat. He took them to a boat dock in Essington, Pa.

## Let's Look At The Record

### "CREEPING CAPITALISM" Communism Feels Profit Motive Urge Bonuses And Competition Are Planned

By JIM DAN HILL, Ph.D.  
President, Wisconsin State  
College Superior

IN AMERICA there is a chronic complaint about "creeping socialism." This is particularly true at election time.

It now appears that Russia has a problem of "creeping capitalism." The official magazine, Pravda, is the source of information for most specialists on Russia who report this trend.

The profit motive and work incentives began injecting themselves into the Soviet picture even during the iron-handed and more orthodox Marxian regime of the late Premier Stalin.

These capitalistic characteristics have been greatly accelerated under Malenkov and Khrushchev, if one accepts the opinions of most authorities.

According to an article by Theodore Shabad, in the New York Times, it is quite apparent that in Russia this capitalistic trend is no longer creeping. It is proceeding at a brisk walk, if not a trot.

IN RUSSIA all industry is owned by the government. To this extent the Russians are still good Marxians. But the profit motive quickly lifted its head. Everything above production costs goes to the government.

A government has the same lust for funds as do individuals and corporations. Today, it is believed, at least 20 per cent of the Soviet revenues are from industrial profits.

For years, the entire take went into government coffers. But in recent years a small percentage of industry's monetary yield may be retained by the factory directorate.

They may use it locally to reward workmen pace-setters and their families with vacations to Black Sea resorts and for other material benefits. There is also a growing differential in the standards of living of management and labor, to borrow the current American terms.

A NEW PLAN, proposed by Prof. Y. Liberman, of the Khar'kov Economic Engineering Institute, carries these trends to their logical conclusion. He proposes that central planning for the operation of each and every factory be greatly reduced, if not abolished entirely.

In lieu thereof, the central economic agency would merely assign the volume of production in terms of models and items to be turned out. There would also be a schedule of deliveries and a stipulation of the profit expected for the government.

Within these requirements, it would be up to the local factory "to plan its labor force, its wage bill, its costs, profits and other aspects of its operations with a view to achieving the most economical production."

Should they plan carefully and well, there would result an "overfulfillment" of profits above those required by the government. This "overfulfillment" would become the source of bonuses and rewards to all those local planning and laboring diligence had made the surplus profits possible.

IN THE PROFESSOR'S scheme of things, it naturally follows that any factory that has no "overfulfillment" gets no reward. Adam Smith, prophet of capitalism, would have said as much 250 years ago.

However, in Russia, since the work force is assigned, each factory directorate should experience no trouble in estimating prospective costs and planned production.

That is right, assigned is the word. It is indeed true that there is no unemployment in Russia. The government sees to it that everyone has a job — holds it,

keeps it and punches the clock each and every work day. Strikes are crimes against the proletariat.

Adam Smith never envisioned such an effective idea for the exploitation of one's fellow men. With all his enthusiasm for enriching the manufacturers who risked capital, and for bankrolling the entrepreneurs who could guess right on the law of supply and demand, Smith's theories of laissez faire did permit a man to become a full-time beggar or a vagabond should his antipathy to work be sufficiently strong.

The Soviet borrowings from capitalism permit no such choice. ONE'S first reaction to the Khar'kov professor's proposals is that each factory might seek a low allocation of production in order to allow more elbow room for "overfulfillments."

But the professor knows better. He rightfully insists that since the rewards to each local factory group would be based upon the "overfulfillment" above the normal profit pattern; and, further, since profits usually increase with the volume of production, "it would be in the factory's interest to accept the highest possible output plan in keeping with its capabilities."

These are the theories official publications in Russia are now advocating. Specialists on Russian affairs are predicting they will become Soviet policy within the near future.

In a nation where they are exacting the death penalty for black marketing and embezzlements, there appears to be a sharp demand for some such form of "creeping capitalism."

some 1,926,090 serious crimes were committed in 1961, topping the all-time high record of the previous year by 3 per cent. During the past 5 years, crime has outstripped the growth of population 5 to 1.

#### "Youthful criminality, long

a foreboding facet in the crime picture, continued to rise. Arrests of young people under 18 years of age were up 4 per cent above the 1960 total. This age group represented 43 per cent of all arrests for the more serious offenses of murder, forcible rape, robbery, aggravated assault, burglary, larceny and automobile theft.

#### "As could be expected with

a spiraling crime rate, the role of the law enforcement officer has become increasingly hazardous. Of the 71 officers who met violent deaths during the course of their duties last year, 37 were killed by vicious criminals. Twelve of the killers were 21 years of age or younger.

"Viewed realistically, this problem boils down to the simple fact that in our land today the average man, woman and child is in greater danger than ever before of becoming a victim of this criminal onslaught. It means that day or night, at work or play, the individual's basic rights of personal security and pursuit of happiness are steadily diminishing.

#### "Certainly, there is no

remedial answer to the problem. The causes and factors of crime are far too varied and complex. However, we shall see no abatement in widespread lawlessness as long as their is wholesale disrespect for law and order in our nation. Indulgence and materialistic selfishness are eroding the tried and true American traditions of honesty, integrity and fair play.

#### "Progress in overcoming

any social problem—and crime is among the most urgent we face—can be affected only in proportion to awakened and well-informed public opinion. Statistics conscientiously collected by law enforcement officials across the country and compiled by the FBI give an up-to-date, comprehensive account of the economic and human waste directly attributable to criminal activities. The nation's news media have performed superior public service in factually reporting the current shocking crime picture to the people.

#### "Fully alerted to the

staggering toll of crime, community authorities and civic leaders should lead the fight to halt the lawless hordes who prey on society. No amount of rationalization can justify placing this responsibility on the shoulders of law enforcement alone.

#### "History has proved that

Americans, when faced with hard reality calling for effective action, traditionally rally to the cause. Assuredly, action in the war against crime has never been so sorely needed."

#### There are strong indications

that an epidemic of Asian flu will occur in the United States in the winter of 1962-63. A large number of cases of the disease appeared in Asia last January and has been slowly making its way around the globe.

#### Just how serious the

outbreak will be no one can predict. But at any rate we are well braced. Physicians have been alerted, public health programs outlined and stocks of anti-influenza vaccine built up. In fact, because of the vaccine, American Medical Association leaders think the disease may not be as widespread or devastating this winter as the epidemic of 1957-58.

#### In the average healthy

person Asian flu means four or five days of weakness and misery, just like any other type of flu. But in older people and those with certain chronic disease the flu virus can be deadly. In the five years since Asian flu first appeared in America it has contributed to the deaths of 90,000 Americans. The flu itself usually is not a killer but it weakens the body's defenses against other diseases.

Those with diabetes and with chronic heart, circulatory and kidney diseases are particularly vulnerable. More than half the deaths in previous epidemics were in people with these conditions. Pneumonia also moves in on the heels of influenza frequently.

#### Those with pulmonary

tuberculosis, chronic asthma, chronic bronchitis and other ailments of the lungs and air passages also are particularly endangered by Asian flu.

There is no cure for Asian flu once the disease takes hold. But it can be prevented in many instances by flu vaccine. Everyone over the age of 45 years needs the vaccine, and particularly is it important to those past 65 years.

2 CANDIDATES CLASH AFTER BITTER DEBATE

By THE ASSOCIATED PRESS  
SCRANTON, Pa. (AP)—A bitter, name-calling, finger-pointing personal clash which followed a second debate between Pennsylvania's gubernatorial candidates erupted anew with another series of charges today.

And there may be more fireworks when the two candidates meet on the same platform again Thursday night in Pittsburgh before a joint convention of the Pennsylvania School Directors Association and the Pennsylvania Association of School Secretaries. Democrat Richardson Dilworth, who was scheduled to debate an empty chair over a statewide television network Saturday night, said that following the program Republican William Scranton "gave another blatant illustration of his complete disregard for the truth by stating that he had never said he would not appear."

**TIRADE OF DESPERATE MAN**  
Scranton, referring to the heated news conference which followed the debate and which was unseen by the television audience, said:

"It was really a tirade of a desperate man who couldn't control either himself or his thoughts. Once again this proves he (Dilworth) is hysterical and not fit to be governor."

Dilworth said Scranton appeared Saturday night 21 seconds before the program went on the air "in a last, desperate attempt to stem a groundswell of voter resentment against his playing fast and loose with the truth."

**CHARGES FLY**  
Scranton said he was "very satisfied with the debate and happy with its outcome. . . . It surprises me that a man, who charges his opponent with knowing nothing, being inexperienced, had to use notes and read material in the debate."

Charges and counter-charges flew during the half-hour debate, much as they did in the candidates' first encounter Sept. 17 in Philadelphia, but this was mild compared to the shouting afterwards.

At the end of the debate, which originated from the studio of WNEP with the time paid for by the Democrats, Scranton announced he would hold a news conference in a room adjoining the studio.

**POINTS AND SHOUT**  
This touched off the personal clash as Dilworth charged after shouting: "I think if there's going to be a press conference, it should be a joint press conference."

As the exchange got more heated, the candidates stood face to face, pointing and shouting at each other. At one point, Scranton was only inches away from Dilworth as Dilworth continued his attack.

"You tried to sneak out of the hall and keep me out," shouted Dilworth. "You're going to be shown up for what you are. 'You're loose with the truth.'"

"Why you forgot all the rules," said Scranton. "You used notes."

**"A COMPLETE LIAR"**  
Turning to the 20 newsmen jammed into the small room, Scranton said: "See gentlemen, as usual my opponent is a complete liar."

"I know what you were up to,"

FULLMER IS UNDERDOG IN TITLE BATTLE

By JACK STEVENSON  
Associated Press Sports Writer  
SAN FRANCISCO (AP)—British Empire middleweight champion Dick Tiger of Nigeria continues the favorite to lift the World Boxing Association crown from Gene Fullmer Tuesday night.

Odds have fluctuated between 7-5 and 9-5 and should Tiger live up to them, he could put the British Boxing Board in a difficult position.

The British boxing fathers recognize Paul Pender of Massachusetts as the 160-pound champion while the WBA calls Fullmer the world champ.

**CHAMP SINCE '59**  
Should Tiger wrest the WBA version of the title from Fullmer, would he be recognized in Britain as the world champion or would that recognition just come in the Americas and the Orient?

Tiger is 33 and gets his title shot because a proposed Pender-Fullmer fight failed to materialize in a hassle over money.

Fullmer won his title in San Francisco by stopping Carmen Basilio in the 14th round in August 1959 in their elimination bout for the NBA crown.

The 15-round bout at Candlestick Park is slated to start at 7:30 p.m. PDT Tuesday night — 9:30 EST—with theater television in 53 locations across the nation.

**DOCTOR HONORED**  
PITTSBURGH (AP)—A Beaver County doctor has been named state chiropractor of the year by the Pennsylvania Chiropractic Society.

Dr. Vern Watson of Midland was picked for the honor at the society's meeting Saturday.

The group also elected Dr. S. G. Wenger of Lancaster to his second term as president.

said Dilworth. "You were trying to get me to open up. You were in City Hall trying to get at the records, records of old charges against me."

"No I wasn't," said Scranton. "So was that little creep," said Dilworth, pointing to Walter E. Alessandrini, Scranton's campaign manager. "They are trying to use you. You couldn't possibly do any good in Harrisburg. Don't be a fool."

SKINS DEFEAT EAGLES TO GAIN LEAD IN LOOP

By JACK CLARY  
Norm S-nead and Bobby Mitchell, just a couple of kids at heart, are having a ball with the Washington Redskins this year. Trouble is, none of their Sunday playmates from around the National Football League appreciate their antics.

This high-flying quarterback-halfback duo went whizzing right through the Philadelphia Eagles Sunday for a 27-21 victory that set Washington solidly in the Eastern Conference lead with four victories and two ties, the latter not counting in the percentages.

But school may be out real soon for this frolicsome pair. Next week, they do battle with the second-place New York Giants and their crunching defense that shocked Detroit 17-14 Sunday.

**DALLAS WINS AGAIN**  
The Steelers dropped into third place, losing to Dallas 42-27, but are still very much in the Eastern title picture with a 3-3 record, compared to the Giants' 4-2.

Green Bay kept the Western Conference lead and a 6-0 mark with a low starting but decisive 31-13 victory over the San Francisco 49ers. In other NFL action, Cleveland upended the St. Louis Cardinals 34-7, Chicago's Bears won over Baltimore 35-15 and the Minnesota Vikings kept the Los Angeles Rams in check with a 38-14 victory.

In the American League, Western Division-leading Denver defeated Houston, the Eastern Division leaders, 20-10 and Dallas edged New York 20-17 in the only games scheduled.

**NO LETUP YET**  
Snead and the Redskins showed no signs of letting up Sunday. The former Wake Forest ace hit Mitchell with TD tosses of 23 and 29 yards, while Mitchell set up one of Bobby Khayat's two field goals with a 74-yard kickoff return.

Snead completed 15 of 25 passes for 279 yards, with Mitchell snaring eight for 145 yards.

Y. A. Tittle shrugged off a first half concussion and the Giants defense shrugged off Milt Plum's aerial and ground bombardment. Tittle scored on a 4-yard jaunt in the first period and then sat out the rest of the half. He returned in the second half to guide New York to a TD and helped set up Don Chandler's winning 9-yard field goal with his passing.

Dallas' pepped up offense got five touchdown passes from Eddie LeBaron—three to Frank Clarke of 3, 45 and 13 yards in ripping the Steelers.

**COME FROM BEHIND**

After spotting the 49ers a 6-0 lead on two Tommy Davis field goals, Jim Taylor rumbled through San Francisco's defense for 160 yards and a pair of scores. Without NFL scoring leader Paul Hornung out with a knee injury, the Packers didn't score until Tom Moore hit pay dirt, then regained the lead for good on Taylor's first TD in the third period.

Jim Ninowski tossed TD passes to John Brewer, Ray Renfro and kept his Eastern title hopes. The Bears' Billy Wade also hit three touchdown tosses in all but eliminating the Colts, getting 8-of-11 in the second half and 13-for-26 overall for 315 yards.

Frank Tarkenton, with scoring throws to Doug Mayberry, Charley Ferguson and Tommy Mason, finally helped the Vikings to their first win in six starts.

**UNIONTOWN, Pa. (AP)—**A former president judge of the Fayette County Common Pleas Court, Thomas Henry Hudson, died Sunday at the age of 89.

Hudson had joined the court in 1925 and became its president judge in 1926. He retired from the bench in 1938. Previously he had served as district attorney from 1902 to 1904 and again from 1905 to 1907.

A Lovelier You

By MARY SUE MILLER  
**BEAUTY AT HAND.** In a quest for lovelier hands, a weekly manicure is not the end-all. The hands must be given good day-to-day care, or problems are sure to develop that cannot be overcome by a manicure.

Chap, ragged cuticles and discolorations are the direct result of daily inattention. If you wish a smooth hand complexion and immaculate nails, be faithful to this routine each day:

1. Brush-scrub your hands with mild soap at least three times, paying special visits to nail sur-

faces and undersides, to knuckles and wrists. Then run a soapy cotton swab beneath the nails. Rinse and dry thoroughly.

After a scrubbing or even a quick wash, gently push back the cuticles with your towel. Also apply hand lotion and massage it in well, exactly as though squeezing on a tight glove.

2. At bedtime, apply cuticle cream or oil after a lotion massage. Then, if the hands are unduly rough or lined, encase them in cosmetic gloves. These are found at cosmetic counters. A

SEVEN MISSING AFTER CRASH ON MISSISSIPPI

LUTHER, La. (AP)—The grim task of searching for the missing continued today after a ship-barge collision that apparently took the lives of 19 Norwegian tanker crew members.

Twelve bodies—most of them badly burned — were recovered from the Mississippi River and the charred bulk of the 13,500-ton motor tanker Boheme. Searchers sought seven others still unaccounted for.

Firefighters put out the last blaze aboard the beached ship Sunday night—about 36 hours after the tanker, bound for the continent, collided near here with a string of oil barges towed by the tug Bonnie D.

**TO LAUNCH PROBE**

As salvage work began, the Coast Guard prepared an investigation but no hearing date was announced. A spokesman for A. O. Andersen Steamship Co., of Oslo, Norway owner of the Boheme, said her cargo, which included a highly flammable nitrate solvent, was intact.

The spokesman said it was too early to give an estimate of damage, but fore and aft sections were badly charred.

Burning oil from some of the four barges spewed into the channel and set the ship ablaze during the predawn hours Saturday.

**PANIC HITS CREW**

Panic-stricken crewmen leaped into the flaming waters as fire roared across the Boheme's deck and explosions—apparently from the engine room—rocked the tanker. Seamen's cries could be heard from shore.

The lone identified body was that of Second Mate Hans Wollsen, 65, of Copenhagen. It was found in the river soon after the crash.

Two crewmen are in critical condition at the U.S. Public Health Service Hospital in New

Orleans, about 30 miles south of Luther. They are Gisle Magnusen, about 19, and Kjell Fjell, 17, both suffering from burns.

Six others, hospitalized here for treatment of minor burns and injuries, were released Sunday night. In all, 29 of about 50 aboard the tanker were reported hurt.

FRICK ATTEMPTS U.S.-JAPAN PACT

TOKYO (AP)—U.S. baseball Commissioner Ford C. Frick said today he will meet with Japanese officials to work out regulations under which American players can contract to play in Japan—and Japanese to play in the United States if circumstances permit.

Frick, who is visiting Japan with the Detroit Tigers on their Asian goodwill exhibition tour, said a meeting with his Japanese counterpart was being set up for later this week.

"Before I leave we hope to agree on a definite set of rules under which American players can come to Japan," he said.

Speaking at a luncheon at the Tokyo Foreign Correspondents' Club, Frick made the disclosure in response to a question on contract conflicts that have at times arisen in the past.

**MARK ANNIVERSARY**

KINZUA, Pa. (AP)—The second anniversary of the ground-breaking ceremony which started the construction of the \$114 million Allegheny Dam and Reservoir is being marked today in this northwestern Pennsylvania area.

With two years work behind, the project is ahead of schedule and is approaching the halfway mark. Some estimate the completion date as November, 1964; others say possibly early 1965.

FASHION AND AUTO SHOWS ARE PROBLEMS

By CYNTHIA LOWRY  
AP Television-Radio Writer

NEW YORK (AP)—In spite of numerous attempts, television has not yet found a way to put on a satisfactory fashion show or an entertaining automobile show. It is probably because the clothes and the cars bore viewers who want entertainment, and the entertainment annoys the clothes-or-car-lovers.

There were moments Sunday night during NBC's camera tour of the National Automobile Show in Detroit when such experienced men as Chet Huntley and Hugh Downs sounded like those card-reading commentators at fashion show luncheons rattling off details about the next dress coming up.

The entertainment—comedy by hand puppets and some music—seemed like frantic afterthoughts. It was really a show for automobile enthusiasts.

**SABOTAGE AND ESCAPE**

Jack Webb was busily sabotaging Nazis in occupied Norway Sunday night on CBS—an exciting tale based on a real-life commando mission. Then, with a flip of the dial, one found an NBC drama in which the enemies were the Communists of Red-dominated Germany today.

The latter story, in spite of its East Berlin setting, was only incidentally a tale of escape. Primarily, it posed an interesting philosophical question.

A neutral East Berlin scholar, buried in his work was drawn into an anti-Communist plot against his will. Was he wrong to betray the underground to his Red benefactors? (After being tortured, he decided he was.)

A sympathetic performance by Burt Brinkerhoff as the betrayer actually made his a sympathetic character. The show, however, was slow-moving and ponderous.

Recommended tonight: Telephone Hour, NBC, 10-11—musical variety hour with Robert Goulet and Cyril Ritchard as guest performers.
